INFO.

- 1. At the Bozhurishte Airfield a new regulation forbids Eulgarian officer pilots taking planes off the ground unless accompanied by Soviet pilots. There is a good deal of friction between Soviet and Bulgarian pilots because of the large difference in pay between officers of equal rank. The Soviet officers receive approximately twice the pay of Bulgarian officers.
- 2. Border Guard units are located as follows:
 - Razdol: one company;
 - Gorna Ribnitsa: one company;
 - Padesh: a unit of 50 to 60 Border Guards; and
 - Leshko: a zastava of approximately fifty men.
- The Bulgarian Border Guard Zastavas in the area opposite Pehcevo to Carevo Selo, Yugoslavia, have withdrawn patrols from the border itself and are maintaining patrols three to five kilometers inside Bulgaria.
- 4. There are many rumors of United States planes flying over Bulgarian territory. On 29 or 30 September and 12 October 1951, an unidentified twinengine plane was heard flying over Dobri Laki.
